SUMMER STREET DESIGN

Better Bus and Bike Connections

When Summer/Fall 2020

Where Summer Street,
Between South
Station and the
Reserve Channel

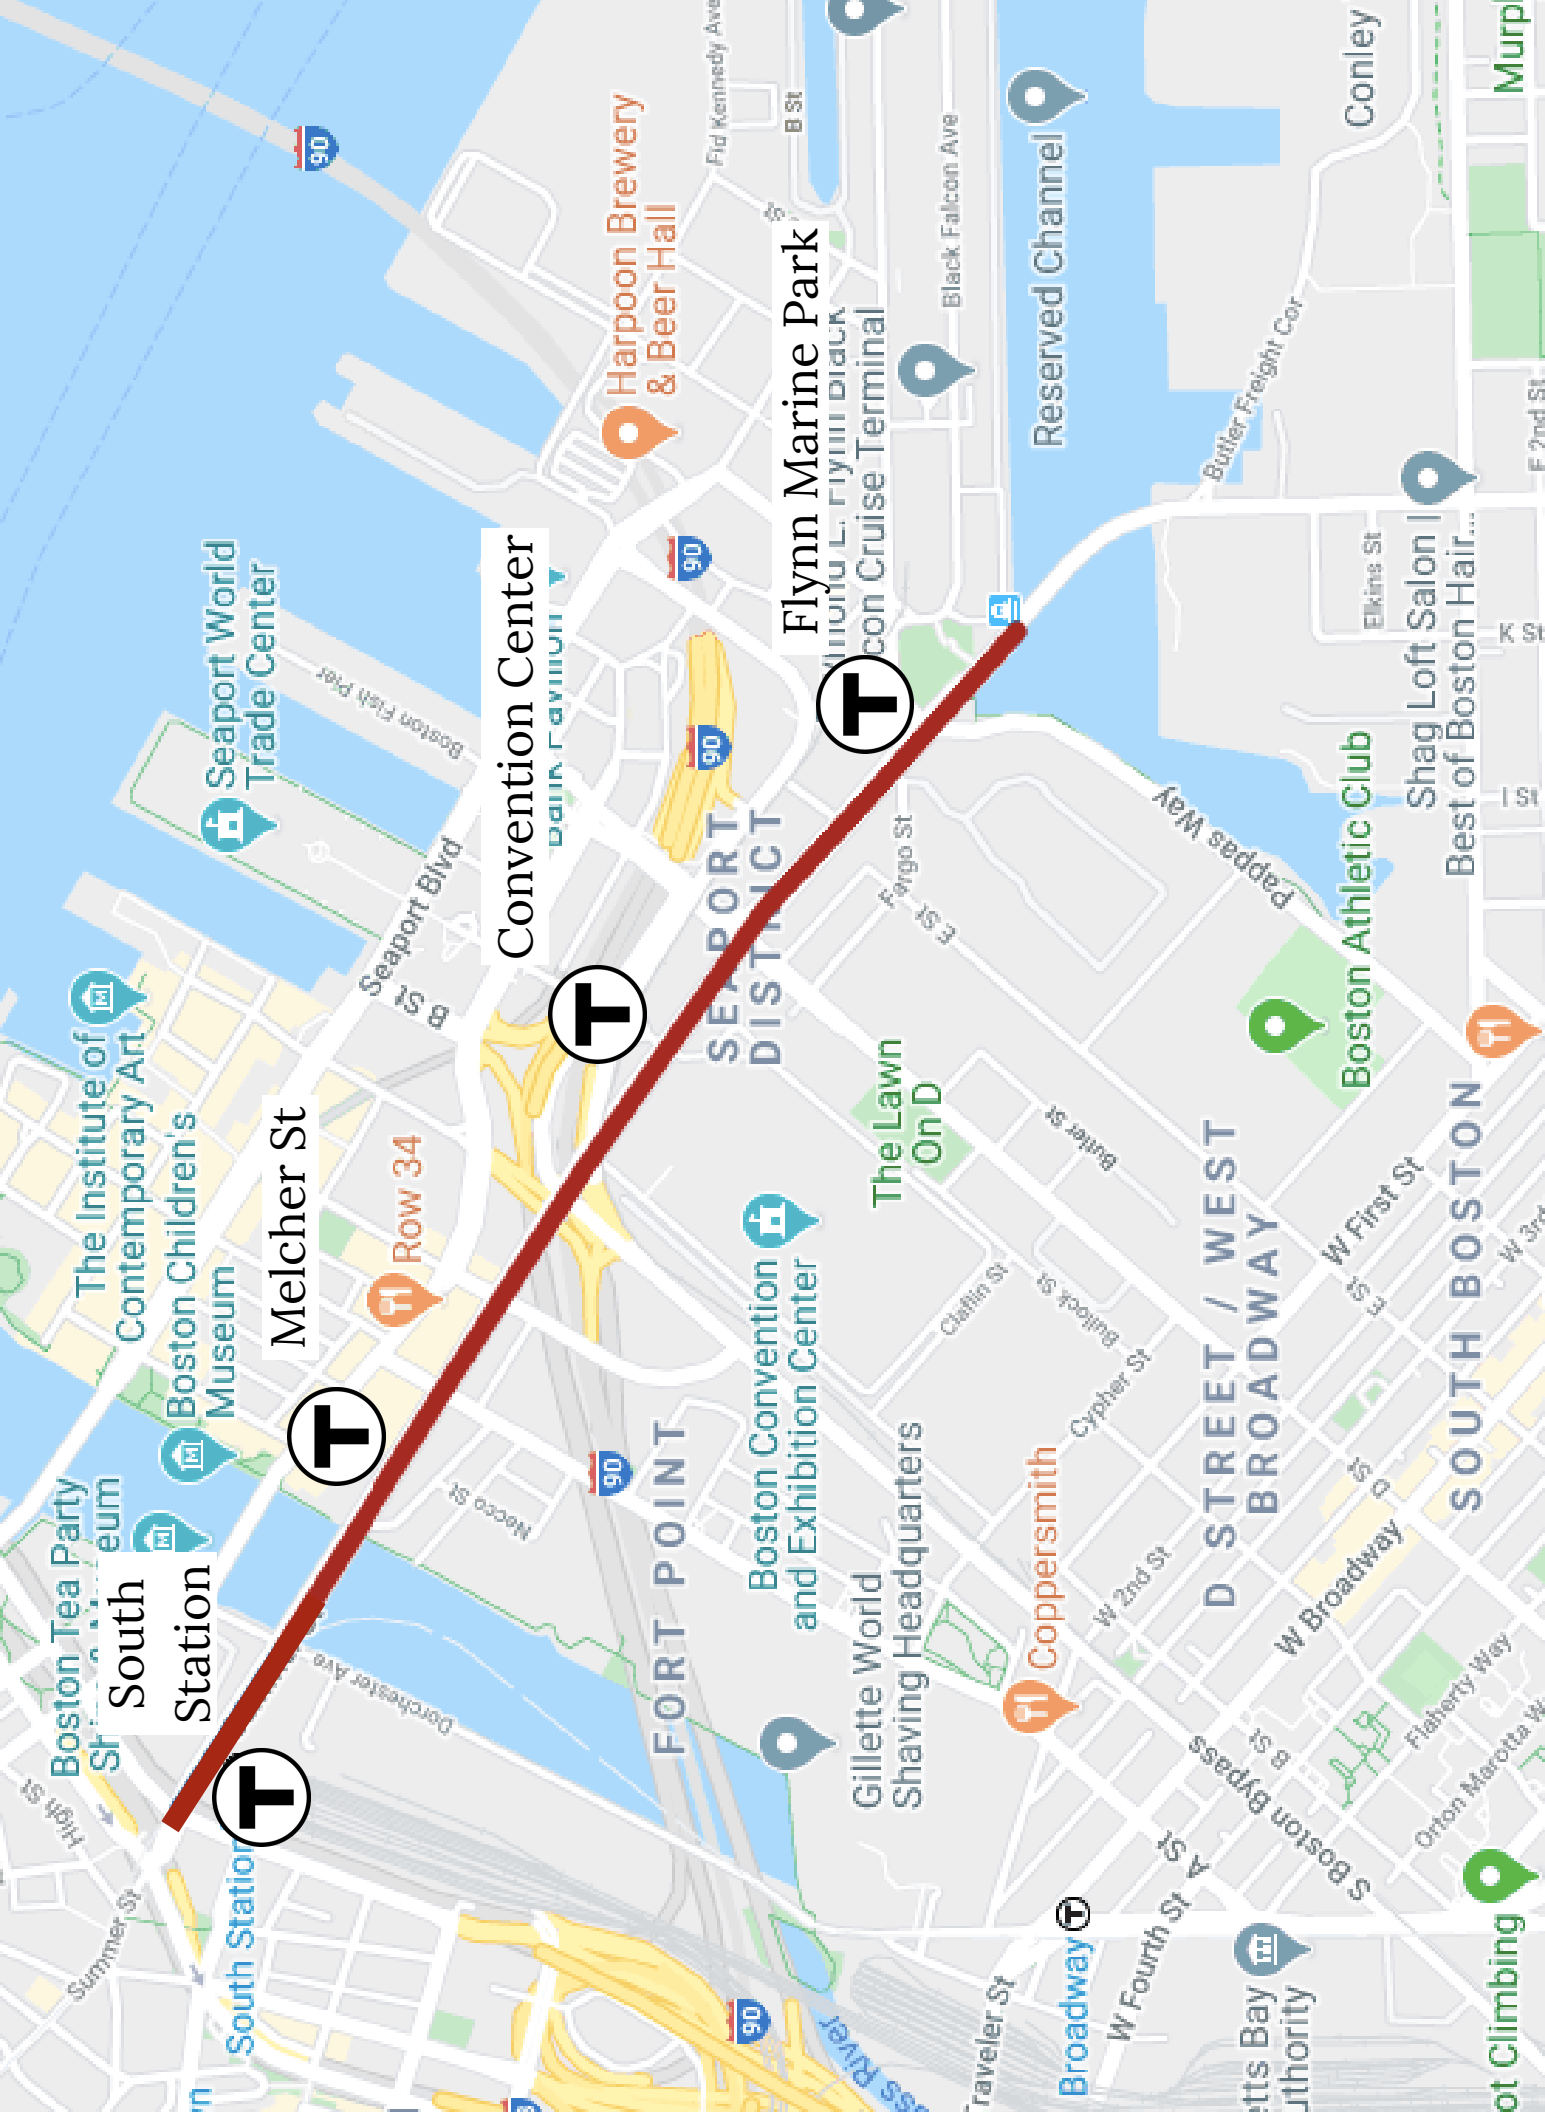

COVID-19 Update

- In light of the COVID-19 outbreak, Boston Transportation Department has cancelled all in-person public engagements
- City employees are still hard at work on improvements to Summer Street, and will continue to engage the community on all of our projects
- In addition to planners being available by phone or email, we have additional ways to make your voice heard

Stay Involved

- **Learn more:** Curious about the project? Visit our website at bit.ly/SummerStProject to see what we've heard from the community so far, and what we're exploring next.
- **Join our email list:** The project team will be sending out periodic emails as the project progresses. If you would like to join our email list, visit bit.ly/SummerStEmail
- **Share your comments:** We want to hear how you currently utilize Summer Street, and how you would like to see it improved. Fill out our project survey at bit.ly/SummerStSurvey and add your voice to our planning process.
